

STANLEY

STANLEY Titanium Coated Straight Shears

STHT0-14103

Features:

- Titanium coated blade for long life
- Bi-material handle for user comfort
- Full tang one-piece design for improved durability
- Spring automatic opening

Description:

The STANLEY Multipurpose Shears include titanium coated blades, which allows the jaws to stay sharper for longer giving an improved working life. The one piece design offers greater durability, whilst the automatic spring opening provides greater convenience. The snips can be used to cut thin metal sheets, wire, carton and plastic sheets. The bi-material soft grip handle helps reduce end user fatigue and provides added comfort. Can be used by left or right handed users.
